BUDGET HIGHLIGHTS

- The Santa Cruz Metropolitan Transit District (METRO) is a special district of the State of California operating fixed route bus service and complementary paratransit service throughout Santa Cruz County. The District also operates the Highway 17 Express bus service to Santa Clara County in cooperation with the Santa Clara Valley Transportation Authority (VTA), AMTRAK, Caltrans and the Capitol Corridor Joint Powers Authority (CCJPA).
- The District is governed by a Board of eleven directors and one Ex-Officio Director representing the University of California, Santa Cruz. The eleven members are appointed by the County of Santa Cruz (five members), the City of Santa Cruz (two members), the City of Watsonville (two members), and one member each from the Cities of Capitola and Scotts Valley.
- The final budget for FY08 provides for continuation of the level of transit service to the public as of June 2007.
- A total of 326.75 full-time employee equivalents are funded in the budget compared with 325.75 for last year and 328.25 in FY05.
- The operating budget is balanced through the one-time use of projected FY07 carryover funds which were created through delays in filling vacant positions and deferring non-essential expenditures.
- Passenger fares (farebox and pass sales) are budgeted at a decrease under the FY07 revised budget. The four categories of special transit fares are budgeted to increase by a net 5.8% over FY07 actual as shown below:

	FY06	FY07	Variance	FY08	Variance
	Actual	Actual		Budgeted	
UCSC Contract	\$1,799,161	\$2,330,717	29.5%	\$2,498,528	7.2%
Cabrillo College Contract	\$ 150,100	\$ 218,748	45.7%	\$ 227,498	4.0%
Employer Bus Pass Programs	\$ 53,509	\$ 58,554	9.4%	\$ 58,554	0%
Special Shuttle Services	\$ 26,958	\$ 60,420	124.1%	\$ 38,673	(36.0%)

- Highway 17 Express revenue is based on the existing agreement with VTA and shows both the fares projected to be paid along with the Valley Transit Authority (VTA) share of the costs (50% of the operating deficit). The AMTRAK payment amount is based on the current contract.
- Paratransit fares have been projected based on an estimate of 83,200 trips to be taken during FY08; an increase of 3,200 trips or 4% over FY07 projected trips.

- The adopted budget includes \$17,624,453 in sales tax income in FY08, representing a 4% increase over the amount of sales tax revenue expected to be received in FY07. If sales tax revenue in FY07 exceeds a cap designated in the labor agreement with UTU Local 23 for fixed-route Bus Operators, 30% of the extra revenue will be allocated to the Operators in a wage adjustment in September 2007. There will be no net impact on the budget since any increase will be funded from excess sales tax monies received by METRO, in accordance with the UTU labor agreement.
- The other sales tax-based source of operating income, Transportation Development Act (TDA) funds, is budgeted at \$6,362,037 in FY08, based on information from the Santa Cruz County Regional Transportation Commission (SCCRTC), the agency that allocates the funding to County recipients.
- Advertising income is budgeted at \$145,000 in gross revenue for the limited exterior bus advertising program. Rent income has been projected based on current occupancy.
- The budget includes contractual wage and/or benefit adjustments for employees represented by UTU Local 23 and SEIU Local 521, as well as adjustments in accordance with the management compensation plan.
- The adopted capital improvement program for FY08 totals \$34,505,294, with a District share of \$18,459,522. Federal grants comprise \$3,119,691 and state/other funds comprise \$12,926,081 of the funding. The District share comes from reserves and State Transit Assistance (STA) funding. The largest project in the adopted capital improvement program is MetroBase. Projects which were initiated in previous fiscal years but not yet completed are designated as carryover projects.

FLEET MAINTENANCE - 4100

FLEET MAINTENANCE DIVISION

MAJOR FUNCTIONS OF THE DEPARTMENT

The Fleet Maintenance Department provides safe, reliable, clean buses, staff vehicles and equipment, in support of transit service to the public through the optimum use of all resources available to the Department.

DEPARTMENT OBJECTIVES FOR FY08

- Continue leadership skills training for those departmental personnel holding leadership positions, I.e. supervisors and shift leaders. This will require additional training in both transit and maintenance specific areas. Our employees are long term employees of the District. Any additional investment in training is an investment in our fleet, and the quality of our leaders.
- Continue technical training for our mechanics. As we invest in new equipment we must match the capital investment with an investment in training personnel. Vehicle, engine and transmission technology is so advanced that training must be on going. Introduction of Compressed Natural Gas (CNG) powered vehicles requires an extensive training program to maintain these units safely.
- Provide improved operational support in both vehicle maintenance and vehicle servicing through filling currently budgeted positions. The maintenance department should be able to support the operation department during like hours of operations.
- Continue the retrofit project on the active high floor New Flyer passenger lifts to increase reliability of these units.
- Continued restoration to our 1951 GMC coach for historical purposes and to build morale.
- Acquire a modern, Windows based MIS system to better schedule maintenance requirements and monitor fleet performance criteria.
- Replace the engines in one third of the 1998 New Flyer low floor fleet.
- Begin use of the new LCNG Service Facility
- Begin preparations for the partial move of Fleet Maintenance activities into the new maintenance building
